2. Each student/resident/ intern needs to register individually
3. For Registration Type, choose "Healthcare Student Volunteer (\$65)
4. For Attendee Type, choose "I am a Student or Resident"
5. Where it asks "Are you applying for the Student Volunteer Scholarship Program" Choose YES
6. Under "How did you hear about CCHF?" tell us your story of how you sense God calling you to missional medicine.
7. Estimated Cost to Attend – student should include travel costs & methods (train, plane, automobile)
8. Total Amount of Scholarship Requested: Let us know what you CANNOT afford
9. When it comes to the payment of \$65, students can wait to pay when they get accepted

### DETAILS OF THE SCHOLARSHIP

CCHF Conference 2022 is a truly unique experience. It is the only conference designed for people like you - who see medicine as a calling, and are committed to missional, faith-driven healthcare here in the United States. You will be inspired with a vision of what it means to live out the gospel through healthcare and equipped with super-practical tools to be faithful and effective in extending Christ's love through excellent, appropriate, holistic healthcare.

Conference 2022 is relational. You will meet like-hearted disciples who are willing to share, listen, and pray with you. Students, practitioners, support staff and executive leaders come together with their stories, knowledge and insights – and to be family. We work to build camaraderie among the volunteers so after the conference is over, you still have each other. If you see medicine as more than a career choice - as a calling to serve Christ – then these are your people. Using your career to serve God intentionally is the most fulfilling way to live your life. CCHF Conference 2022 will help you to achieve that life.

***There is a reduced Registration Rate for non-volunteer students (Regular Rate \$325 fee).***

## **ABOUT THE CONFERENCE SCHOLARSHIP**

Volunteers work as a team to help us run the conference smoothly by **donating 5-6 hours** of their time.

Scholarship funds are donated by clinics and individuals who believe that God uses CCHF to mobilize students/residents to work in underserved areas in the name of Jesus. Their hope is that finances are not an obstacle to attend. CCHF stewards this money and makes it stretch to provide as many scholarships as possible.

Volunteers qualify for the discounted rate of \$65 which is to be paid online. Our award scholarship is **need based**.

We include **\$265** to cover the balance of the full price registration, and **we cover hotel expense for Thursday and Friday nights** as part of the scholarship package. Students stay in a CCHF conference hotel and friendships are strengthened while the volunteer team is together. For those who need it, we **help with travel costs**. Those available for set up on Wed will also receive accommodations. We encourage students to carpool and drive to the conference if possible, but will also help with flight costs if the distance is great. Please consider this when calculating the costs.

We expect you to arrive early for **one** of our training times. Orientation takes place 3 different times to accommodate everyone. (Wednesday evening, Thursday morning and afternoon). All student volunteers will be able to attend most of the main sessions, and we try to accommodate students so they can attend the workshops in which they are the most interested. Communication will take place through emails, surveys and text messages. Recipients are required to respond in a timely manner so we can serve efficiently as a team.

Apply for a scholarship soon as possible as the funds are limited. We thank all the clinics and individuals who have donated so that the next generation of leaders may rise and continue what Christ is doing in healthcare for the poor.

To apply, hit REGISTER as a volunteer at [www.cchfconference.org](http://www.cchfconference.org)
