

AIC CURE and
TENWEK HOSPITAL
9/30-10/30

We are heading back to Kenya this Fall. It seems like an eternity since I was at Tenwek in February. The cleft trip is restarting after a 2 year break due to COVID. We have a small team heading to AIC CURE in Kijabe, Kenya. This will be a 1-week trip to repair cleft lip and palate defects. There will be 4 surgeons, accompanying nurses and techs who will team up with the Kenyan hospital staff. This work is such a tangible demonstration of God's redemptive power. Kenyan society claims that the cleft defect is a curse due to the mother's sin but we know Jesus's work on the cross redeems these women. God has chosen to use us to participate in that miracle. What an honor it is to be God's hands to these mothers and children. The healing goes much deeper than the surgical repair. We see hearts changed and the family of God enlarged during these intense weeks.

Tenwek Hospital will be my next destination for 3 weeks. As usual, I have no idea what awaits me at this growing referral hospital. My prayers have been that the Lord be in charge of which patients present. That He provide all the assistance I need. Most of all, I pray that those who do not know Jesus are drawn to this place and find His love there.

Precious supplies fill my bags. I am bringing a drill for facial trauma surgery, a printer for easier clinic days, and 15 hearing aids and ear mold supplies. Additional funds will be spent on hearing aids and needed surgical instruments.

As always, we will visit Kitoben home for children and try to meet some of their needs. They continue to struggle due to rising costs during COVID times. Their biggest need right now is a new latrine. They spend over 150 USD a month emptying their outdated system. Jimmy will be going to new schools, churches and working with Tenwek Community Health to distribute water filters.

Please pray fervently for our travels. We hunger for the infilling of the Holy Spirit so we can be living water for those in need. Pray that we can bring words of encouragement and healing for His people.

May the Lord bless you and keep you,

Chase and Jimmy Miller
